

**Financial Contributions of EuropeAid
to the UN Funds, Programmes and
specialized Agencies**

in 2005

EuropeAid financial contributions to the UN system in 2005

Methodology

These statistics have been prepared with data retrieved from CRIS and OLAS information systems (1). They were prepared by searching within the above databases for contracts signed between 1 January and 31 December 2005 (using the legal entities of the UN Bodies as criteria) by both the Commission and the UN. Consequently, the statistics do not include projects in the pipeline (2). **In other words, the figures represent amounts actually contracted in 2005**, and not earmarked amounts.

Presentation

Contributions to UN Bodies are presented in alphabetical order. They have been broken down by geographical area and domain. Data are presented in tables and graphs. A summary table covers the period 1999-2005, completed by a list of UN bodies' acronyms.

The statistics relate only to aid under EuropeAid's responsibility (3). They do not include possible contributions from other EC Directorates General.

Trends

It is to be noted that **the increase between 2004 and 2005 was less than 4%** showing a gradual levelling out. **In the last six years EuropeAid contributions have almost quadrupled (rising from €234 million in 1999 to €904 million in 2005). In the last two years the main increases concern UNDP** (up from €192 million in 2003 to €422 million in 2005), **WFP** (up from €124 million in 2003 to €180 million in 2005) and **UNICEF** (up from €9 million in 2003 to €73 million in 2005). In 2005, the UNDP figure is still due to large programmes in Afghanistan (€57 million) and Iraq (€156 million : highest level ever).

UNDP (€1125 million), WFP (846), UNRWA (558), UNICEF (139), WHO (126), UNHCR (125), FAO (120) are the UN organisations which received the highest level of funding from EuropeAid between 1999-2005 and for which the amounts for contracts signed in 2005 remains the highest.

In 2005 the largest contributions, €610 million from a total of €905 million, went to :

- ° **Near East** : €236 million (Iraq 63%, Palestine 32% and Lebanon 4%) covering mainly reconstruction and assistance to refugees;
- ° **Africa** : €122 million (Nigeria 46%, RDC 31%, Sudan 22%) to improve law enforcement and supply of water/food;
- ° **Asia** : €84 million (East Timor 39%, China 32%, Indonesia 16%, Thailand 11%) for reconstruction, environment and basic education; and to
- ° **"All countries"** : €120 million (food security).

Comparing 2005 with 2004, we noted a significant increase of contributions to three UN bodies, in particular for **UNDP** (€403 to €423 million), **WFP** (€111 to €180 million) and **UNICEF** (€15 to €73 million). This can be explained as follows :

1/ UNDP : besides sizeable contracts for Iraq and Afghanistan, a contract of €27 million was signed with UNDP to implement the EU-China Biodiversity Programme (ECBP).

2/ UNICEF : benefited from funding of €14 million for Indonesia in the framework of the Basic Education - Sector Capacity Support Programme (BE-SCSP).

A further €33 million were granted to UNICEF to implement the Water Supply and Sanitation Sector Reform Programme (WSSSRP) in Nigeria.

3/ WFP : besides food aid provided through the FED (eg : for Sudan), € 110 million (financed through the thematic budget line 'food security') is, as in previous years, allocated to the most vulnerable groups and people from the poorest countries. Programmes in Ethiopia and Zimbabwe both received 18% of the total and 16% went to Sudan-Darfur. The remaining 38% is distributed between Palestine, Tanzania, Uganda, Eritrea, Liberia, Haiti, Ivory Coast, Burundi, Chad and Mauritania, with a reserve of 9% for Zimbabwe, Malawi, Niger and Zambia. It should be noted that, in the framework of the reform of co-operation instruments, food aid will be managed by DG ECHO as from 2007.

For the first time, in 2005, contracts were signed between the Commission and the following three UN bodies : IFAD (€ 4 million), ITC (1,8) and UNOMIG (0,9). Contracts were also signed with ICTY (€ 0,5 million) and UNIFEM (€ 0,4 million) - previous contracts with these organisations were in 2001 and 2003 respectively.

Strategic Partnerships

Six strategic partnerships have so far been signed with the following UN organisations, UNDP, WHO, ILO and FAO (2004), UNHCR and WFP (2005). An agreement is currently under discussion with WTO.

Millennium Development Goals and Peace-Building Policy

The statistics produced this year also show the extent to which external assistance provided by the Commission is focused on the Millennium Development Goals (MDGs) and on Peace-Building (following the creation of the UN Peace-building Commission in December 2005).

Some programmes, particularly in the area of capacity building and the environment, address both the MDGs and Peace-Building.

The total amount contracted between the Commission and the UN with direct links to the MDGs in 2005 was € 477 million. A 1st graph shows that the highest contribution concerns the fight against hunger and poverty reduction (25%). Over half of the total contributions made to the UN have a direct link with the MDGs. This can be explained by the fact that these contributions concern projects which are not covered by the 8 MDGs, but which can be found, a contrario, in the 2nd graph focusing on peace-building projects.

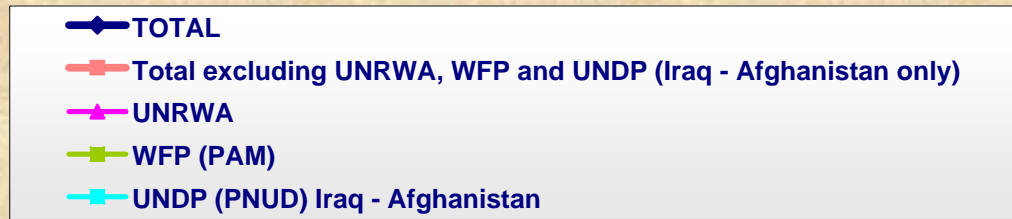

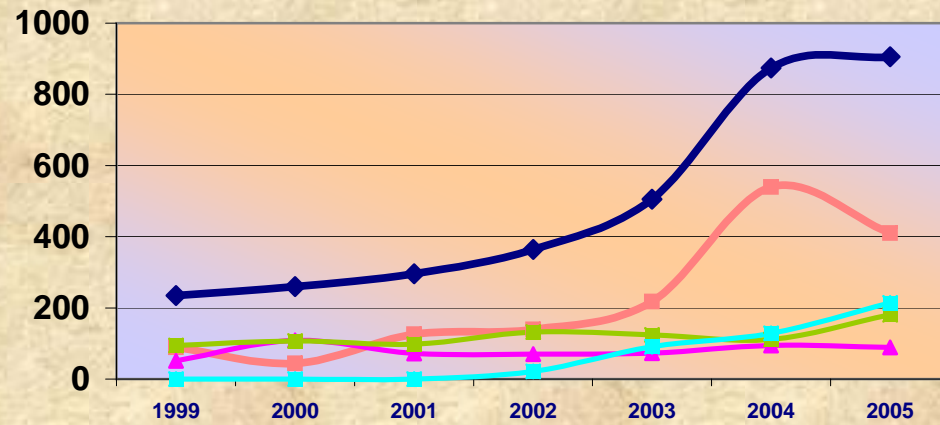

The total amount contracted between the Commission and the UN with direct links to the Peacebuilding in 2005 was € 634 million. A 2nd graph shows the way these funds are allocated: the highest contributions cover the domains of Relief and Reconstruction (18%), as well as Democratisation (16 %).

(1) CRIS (Common Relex Information System) and OLAS are databases containing financial data on projects funded from respectively the general Commission budget and the European Development Fund. While the latter is the funding source of aid to ACP countries (Africa, Caribbean and Pacific, about € 3 billion committed per year), the general Commission budget is the funding source for aid to the rest of the world (about € 4 billion per year).

(2) E.g.: those agreed in principle, those at identification stage, etc.

(3) EuropeAid is responsible for implementing the external aid of the European Commission which is funded by the European Community budget and the European Development Fund. It does not deal with pre-accession aid programmes (Phare, Ispa and Sapard), humanitarian assistance, and macro-financial assistance, the Common Foreign and Security Policy (CFSP) or the Rapid Reaction Facility.
